

Subject: It's Now or Never!

We are getting closer and closer to the truth about COVID because the American public is finally starting to demand answers.

Based on the initial report from the Republicans on the House Foreign Affairs Committee, not only does it look like COVID was indeed created in the Wuhan Lab, but it has ties to bioweapon experts.

This is critical! I fear that if there aren't immediate consequences for everyone involved in this worldwide health disaster, they might be tempted to do it again.

Jeff, if you've already **signed the petition demanding full disclosure on the origins of COVID**, **make sure to forward this email to at least one friend** so you and I can create maximum pressure on Congress to release ALL the details about the Wuhan lab leak of COVID.

[This information must spread quickly if we have any chance to defeat the runaway medical tyranny that threatens all of us.](#)

The initial findings from House Foreign Affairs Committee Republicans about the Wuhan Lab **should outrage everyone** since nobody's life has been unaffected by this worldwide outbreak:

>>The lab's virus database was removed "in the middle of the night" on Sept. 12, 2019 "without explanation."

>>Chinese scientists suddenly became concerned about their safety and waste-treatment equipment.

>>Athletes at the Military World Games in Wuhan in October 2019 became sick with symptoms similar to COVID-19.

>>Satellite photos show "a significant uptick" in visits to hospitals near the lab.

>>A military bioweapons expert became head of WIV's Biosafety Level 4 lab "possibly as early as late 2019."

[Congress must act NOW to disclose the rest of the report and end any current and future such research into dangerous gain-of-function research for viruses – sign the petition at once!](#)

This kind of dangerous experimentation was unleashed on the entire world and is creating a global police state.

I urge you to take action immediately.
