

THE VACCINE DEATH REPORT

Is there evidence of millions of deaths and serious adverse events resulting from the experimental COVID-19 injections?

By David John Sorensen & Dr. Vladimir Zelenko MD

September 2021

PURPOSE

The purpose of this report is to document how all over the world millions of people have died, and hundreds of millions of serious adverse events have occurred after injections with the experimental mRNA gene therapy. We also reveal the real risk of an unprecedented genocide.

FACTS

Our aim is to only present scientific facts, and stay away from unfounded claims. The data is clear and verifiable. References can be found with all presented information, which is provided as a starting point for further investigation.

COMPLICITY

The data suggests that we may currently be witnessing the greatest organized mass murder in the history of our world. The severity of this situation compels us to ask this critical: will we rise up to the defense of billions of innocent people? Or will we prefer personal profit over justice, and be complicit? Networks of lawyers all over the world are preparing class action lawsuits to prosecute all who are serving this criminal agenda. To all who have been complicit so far, we say: there is still time to turn and choose the side of truth. Please make the right choice.

WORLDWIDE

Although this report focuses on the situation in the United States, it also applies to the rest of the world, as the same type of experimental injections with similar death rates - and comparable systems of corruption to hide these numbers - are used worldwide. Therefore we encourage everyone around the world to share this report. May it be a wake up call for all of humanity.

AT LEAST 5 TIMES MORE DEATHS - VACCINE DEATHS ARE SEVERELY UNDERREPORTED

VAERS data from the American CDC shows that as of August 26 2021 already half a million people suffered severe side effects, including stroke, heart failure, blood clots, brain disorders, convulsions, seizures, inflammations of brain & spinal cord, life threatening allergic reactions, autoimmune diseases, arthritis, miscarriage, infertility, rapid-onset muscle weakness, deafness, blindness, narcolepsy and cataplexy. Besides the astronomical number of severe side effects, the CDC reports that approx. 16,000 people died as a result of receiving the experimental injections. However, according to a CDC whistleblower who signed a sworn affidavit, the actual number of deaths is at least five times higher. This is what the CDC healthcare fraud detection expert Jane Doe officialy stated in a sworn affidavit:

'I have, over the last 25 years, developed over 100 distinct healthcare fraud detection algorithms, both in the public and private sector. (...) When the COVID-19 vaccine clearly became associated with patient death and harm, I was naturally inclined to investigate the matter.

It is my professional estimate that VAERS (the Vaccine Adverse Event Reporting System) database, while extremely useful, is under-reported by a conservative factor of at least 5.

On July 9, 2021, there were 9,048 deaths reported in VAERS. I verified these numbers by collating all of the data from VAERS myself, not relying on a third party to report them. In tandem, I queried data from CMS medical claims with regard to vaccines and patient deaths.....and have assessed that the deaths occurring within 3 days of vaccination are higher than those reported in VAERS by a factor of at least 5.'

The CDC is also vastly underreporting other adverse events, like severe allergic reactions (anaphylaxis). The Informed Consent Action Network (ICAN) reported that a study showed that the actual number of anaphylaxis is 50 to 120 times higher than claimed by the CDC.

On top of that, a private researcher took a close look at the VAERS database, and tried looking up specific case-IDâ€™s. He found countless examples where

the original death records were deleted, and in some cases, the numbers have been switched for milder reactions.

He says: 'What the analysis of all the case numbers is telling us right now is that thereâ€™s approximately 150,000 cases that are missing, that were there, that are no longer there. The question is, are they all deaths?'

Maybe the worst example of corrupt methodology used to hide vaccine deaths is the incredible fact that the CDC doesn't consider a person vaccinated until two weeks after the injection. Therefore everyone who dies within the first two weeks after being injected, is not considered a vaccine death.

MODERNA: 300,000 ADVERSE EVENTS - HUNDREDS OF THOUSANDS IN THREE MONTHS TIME

A whistleblower from Moderna made a screenshot of an internal company notice labeled "Confidential - For internal distribution onlyâ€•", showing there were 300,000 adverse events reported in only three months time."• Quote:

'This enabled the team to effectively manage approximately 300,000 adverse event reports and 30,000 medical information requests in a three month span to support the global launch of their COVID-19 vaccine.'

LESS THAN 1% IS BEING REPORTED - STUDY SHOWS REAL NUMBER OF ADVERSE EVENTS IS 100X HIGHER

All this information already shows us that the number of adverse events and deaths is a multitude of what is being told to the public. The situation is however still far worse, than most of us can even imagine. The famous Lazarus report from Harvard Pilgrim Health Care inc. in 2009 revealed that in general only 1% of adverse events from vaccines is being reported:

'Adverse events from drugs and vaccines are common, but underreported. Alt

though 25% of ambulatory patients experience an adverse drug event, less than 0.3% of all adverse drug events and 1-13% of serious events are reported to the Food and Drug Administration (FDA). Likewise, fewer than 1% of vaccine adverse events are reported.'

REASONS FOR UNDERREPORTING - THE POPULATION IS UNAWARE AND MISINFORMED

The reason that less than 1% of adverse events is reported, is first of all because the vast majority of the population is not aware of the existence of official reporting systems for vaccine adverse events. Secondly, the pharmaceutical industry has been waging an unrelenting media war the past decades against all medical experts, who were attempting to correctly inform the public about the dangers of vaccines. One deployed strategy is name calling, and the negative label 'anti-vaxxer' was chosen to shame and blame all scientists, physicians and nurses who speak out about the devastation caused by vaccinations.

Because of this criminal campaign of aggressive suppression of adverse events data, the majority of the population is clueless that vaccines can cause any harm at all.

The message the general public constantly hears and sees, couldn't be further from the truth: 'Vaccines are safe and the best way to protect yourself from disease.' The thousands of books, scientific studies, and reports documenting the devastating effects of vaccines in general, have been suppressed by all possible means. The undeniable fact that children (and people of all ages, for that matter) are far more sick today than ever before in history, while at the same time they are the most vaccinated population in all of history, is stone cold denied. The widespread propaganda by the vaccine companies, who use government agencies as their main carousel, simply told humanity for decades that adverse events are a very rare occurrence. When vaccinated people therefore suffer from serious adverse events, it doesn't even occur to them that this could be from previous injections.

During the current world crisis the attacks on medical experts who are warning for vaccines, has gone to an even higher level. Not only are medical experts being censored, they have now also been deplatformed from all social media, their websites are deranked by Google, entire YouTube channels are deleted, many have lost their jobs, and in some countries medical experts have been

arrested, in an attempt to suppress the truth about the experimental covid injections.

Several countries are now labeling scientists who speak out against vaccines 'domestic terrorists'. Evidence and scientific facts are ignored. It's simply not accepted that experts share accurate information about the severe dangers of the injections.

It is clear that all means have to be deployed by the criminal vaccine cartel to suppress what is going on with these shots. Because of all of this, countless medical personnel are afraid to report adverse events, which further contributes to the underreporting of these side effects.

Additionally, the amount of scientific information warning for these highly dangerous experimental biological agents, and the number of medical experts warning humanity, is so overwhelming and almost omnipresent, that it is virtually impossible for any medical professional to not be at least somewhat aware of the risk they are taking, by administering an untested, extremely dangerous DNA altering injection, without even informing their patients of what is being injected into their body.

If they then see their patients die, or become disabled for life, they are naturally afraid of being held accountable, and therefore have yet another motivation for not reporting the adverse events.

Lastly: many medical professionals receive financial incentives to promote the vaccines. In the United Kingdom for example nurses get £10 per needle they put into a child. That again is a reason for them to not report adverse events.

There are undoubtedly more reasons for the vast underreporting but this at least gives us a basic understanding of the overall corruption that is at play here. This is possible because the pharmaceutical industry is one of the most criminalized industries in the world, because of their constant political lobbying, controlling of the news media, and bribery of all who need to play their game. Pfizer alone estimates to profit at least 33.5 billion dollars from the covid injections! With that amount of money you can buy every politician, health agency and media company in the world, to work for you...

THOUSANDS OF STORIES - FACEBOOK POST REVEALS TSUNAMI OF ADVERSE EVENTS

A local ABC News Station posted a request on Facebook for people to share their stories of beloved unvaccinated that have died. They wanted to make a news

story on this. What happened next was totally unexpected. In five days time over 200,000 (!) people posted comments, but not about unvaccinated beloved ones. All the comments talk about vaccinated loved ones that died shortly after being injected, or that are permanently disabled. The 200,000 comments reveal a shocking deathwave among the population, and the heartwrenching suffering these injections are causing. The post was already shared 184,000 times, and counting...
