**The Real Anthony Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health (Children's Health Defense)
Hardcover – November 9, 2021**

Today, Dr. Anthony Fauci is a household hero to half of America. Drug companies, government officials and the pharma-funded corporate media invoke his name to justify lockdowns, masks and experimental vaccines.

A recent editorial in a leading medical journal urged Congress to make it a felony to publicly criticize Dr. Fauci.

Encouraging his own deification, Dr. Fauci has declared that all those who questioned his pronouncements are "anti-science."

But who is Dr. Fauci really?

In my [new book](#), I show that Dr. Fauci has done little to earn the sobriquet "America's Doctor."

Instead, he has survived 50 years as the J. Edgar Hoover of public health by consistently prioritizing Big Pharma profits over the welfare of his countrymen, and through mercenary homage to the chemical and agricultural industry, the military industrial complex, the intelligence apparatus and all the other pushers of pills, potions, powders, poisons, pricks and the police state.

During more than a year of painstaking and meticulous research, I unearthed a shocking story that obliterates the obsequious media's spin on Dr. Fauci ... **and that will alarm every American — Democrat or Republican — who cares about democracy, our Constitution and the future of our children's health.**

In my book I reveal how Fauci:

- **has been the principal architect of “agency capture”** — the subversion of democracy by a drug industry that manipulates regulators like sock puppets.
- **failed dismally** over his 50-year career with the National Institute for Allergy and Infectious Diseases (NIAID) to address the cause, to prevent or cure the exploding epidemics of allergies and chronic disease that Congress charged him with curtailing. The chronic disease pandemic is his enduring legacy. Those ailments now debilitate 54% of American children compared to 6% when he joined NIAID.
- **repeatedly used fraud, bullying, intimidation, dissembling and falsified science** to win approval for worthless and deadly drugs and vaccines.
- **sabotaged** safe and effective off-patent therapeutic **treatments for AIDS** while promoting deadly chemotherapy drugs that almost certainly caused more deaths than HIV.
- **transformed NIAID** from a public health regulator into an incubator for pharmaceutical drugs for which he and his trusted deputies often file patents and collect royalties. Dr. Fauci has claimed Moderna vaccine patent rights worth billions of dollars for NIAID and hand-picked at least four of his NIAID underlings to receive \$150,000 annually from royalties.
- **exercises dictatorial control** over the army of “knowledge-and-innovation” leaders who appear nightly on TV to parrot his orthodoxies and “debunk” his opponents who run his crooked clinical trials globally and who populate the “independent” federal panels that approve and mandate drugs and vaccines — including the committees that allowed the Emergency Use Authorization of COVID-19 vaccines.
- **violated federal law** to allow his pharma partners to sacrifice and kill hundreds of impoverished and dark-skinned children and orphans in the U.S. and Africa as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies.
- **repeatedly concocted and weaponized fraudulent pandemics**, including bird flu (2005), swine flu (2009) and Zika (2015-2016), in order to sell novel vaccines.
- **partnered with the Pentagon and intelligence agencies to conduct “gain-of-function” experiments to breed pandemic superbugs** in poorly regulated labs in Wuhan, China and elsewhere, under conditions that virtually guaranteed the escape of weaponized microbes like SARS-CoV-2.

That’s just the short list.

Dr. Fauci and his band of pharma and Silicon Valley profiteers — working with corrupted politicians, captured federal agencies and the bought and brain-dead mainstream media — have used the COVID pandemic to mint billions from vaccines and other profitable medicines.

His disastrous mismanagement ran up one of the biggest COVID death counts among all nations.

Dr. Fauci has led the crusade to suppress functional remedies like Ivermectin and hydroxychloroquine which could have avoided 80% of the deaths and hospitalizations from COVID and ended the pandemic overnight.

We need to stop Dr. Fauci and the coup d'état against the Constitution, human rights and liberal democracy globally.

Because this book threatens their trillion-dollar vaccine enterprise, Dr. Fauci and his allies in the medical cartel, the media and military will hurl fierce criticism and use censorship — to debunk and silence "The Real Anthony Fauci."

With your help, this book can play a transformational role in exposing Dr. Fauci as a charlatan and quack and in showing the world that Dr. Fauci, far from being a healer, is one the most noteworthy mass murderers in human history.

It is my hope that this book will motivate — and mobilize — millions more advocates for truth, health and democracy.

"The Real Anthony Fauci" publication date is Nov. 9.
