China's Top Spy Catcher Reportedly Defects, Hands over Information on Joe and Hunter Biden

"Not only does Dong have detailed information about China's special weapons systems, the Chinese military's operation of the Wuhan Institute of Virology and the origins of SARS-CoV-2, and the Chinese government's assets and sources within the United States; Dong has extremely embarrassing and damaging information about our intelligence community and government officials in the 'terabytes of data' he's provided to the DIA."

In addition, Dong has provided DIA with the following information:

- Early pathogenic studies of the virus we now know as SARS-CoV-2
- Models of predicted COVID-19 spread and damage to the US and the world
- Financial records detailing which exact organizations and governments funded the research on SARS-CoV-2 and other biological warfare research
- Names of US citizens who provide intel to China
- Names of Chinese spies working in the US or attending US universities
- Financial records showing US businessmen and public officials who've received money from the Chinese government
- Details of meetings US government officials had (perhaps unwittingly) with Chinese spies and members of Russia's SVR
- How the Chinese government gained access to a CIA communications system, leading to the death of dozens of Chinese people who were working with the CIA

can inflict on the world, specifically the United States only bolsters the lab leak theory. That it was intentional to curb China getting rolled in the socioeconomic arena. Trump had them on their heels, and this pandemic gave them breathing room. If China couldn't win, or succeed, then no one can. A totalitarian government that is conducting a high-tech genocide against the Uighur population is bound to do anything to accomplish their nefarious goals. Oh, and the Bidens are in this intelligence dump as well. As Jen noted, "Dong also has provided DIA with copies of the contents of the hard drive on Hunter Biden's laptop, showing the information the Chinese government has about Hunter's pornography problem and about his (and Joe's) business dealings with Chinese entities."

Yeah, not only is the COVID lab leak theory looking more credible by the hour, but also Joe being compromised by China and for being a shady dealer with his son looks like it got corroborated. You know, the 2020 October surprise that everyone decided to ignore. There

Catturd™@catturd2 Goodnight everyone ... I feel like chilling, laying in bed and watching a John Wayne movie tonight ... going with The War Wagon. I so love the simple things in life. lol. My favorite line in the movie is when two bad guys draw on John Wayne and Kirk Douglas and they both gun them down at the same time.. Kirk Douglas says ... “Mine hit the ground first.” John Wayne says ... “Mine was taller.” 😂
