Jack Bingham Mon Nov 22, 2021 - 8:09 pm EST Editor's Note: We strongly encourage watching the entire video interview to best appreciate the extraordinary importance of Kennedy's statements and his new book. Kennedy is difficult to understand at the beginning of the video, but this becomes easier as the interview proceeds. WASHINGTON, D.C (LifeSiteNews) – Robert Kennedy Jr. shed light on the deep-seated corruption occurring within Big Pharma and the federal regulatory bodies, including their worrisome ties to billionaire population control advocate Bill Gates.

VAERS Data Reveals 50 X More Ectopic Pregnancies Following COVID Shots than Following ALL Vaccines for Past 30 Years [VAERS Data Reveals 50 X More Ectopic Pregnancies Following COVID Shots than Following ALL Vaccines for Past 30 Years - Medical Kidnap](#)

Med Bed is coming and Quantum Healing is here. Good-Bye Western Medicine. We are happy to see you go!

President Trump just stated; The same way we use ultraviolet light on a baby for jaundice, light KILLS the virus!!!

President Trump: "Suppose we hit the body with a very powerful, tremendous light whether ultra violet" "The whole concept of the light the way it kills it in 1 minute that's pretty powerful"

WHY would they NOT want you to know this? Big Pharma & Gates will not be happy

I just watched the 2013 movie Elysium starring Matt Damon in which the Med Beds are central to the story.

12 Page Document on the Rollout of Med Beds

www.rumormill.news/187591

TIMELINE

- 1. Rollout.** Each country will have a central center for people to book an appointment. The first appointment will be a consultation which will involve a medical history and full body exam. Then the patient's information will be entered into a quantum computer in which the computer will decide the urgency of the patients' medical needs. A nearby center will be scheduled based on that assessment.
- 2. Launch.** Anticipated Launch. Currently, it is anticipated that appointments will start **mid-January 2022**. That date may change due to military activity.

Initially, the Med Beds will be heavily controlled by the military for a time period, so the technology does not get abused. There will not be any preferential treatment because of status in society. All people will be treated fairly and beds will be available first for the people who are in critical need. (More on next page)

3. National. When the Med Beds are released, a national call-in line will be set up for people to book appointments.

4. Production. Med Beds are being replicated using advanced technology. It's estimated that 1,000 Med Beds per day can be produced for distribution.

PROFESSIONAL STAFF

1. **Medical Staff.** Med Beds are an advanced medical technology. At first Med Beds will only be available to specific healing centers and will not be available to purchase for your own clinic or home. Like all advanced medical technology, there is quite a bit of training needed to safely use the technology. It also takes a substantial amount of knowledge regarding biological,

medical, and disease. For someone with no medical training, it would take at least 12 to 18 months of training. When they are first rolled out, the Med Beds will only be used by professional medical staff who have been trained by military personnel.

The clinics will be run by the medical departments of the military alongside benevolent beings. Those who will be using the beds as practitioners will be asked to work by invitation only. Later, there will be courses and job openings available for medical professionals. A person cannot operate this medical technology without medical training. For instance, if you have a patient with heart failure or with severe injuries from a car accident, you need to know first aid and how to treat the patient prior to entry into the Med Bed. A professional will need to know how to read certain anomalies which the bed is picking up. Many people will not understand the MEDICAL technology. This is not technology that someone can simply push a button to operate. It's not like that at all.

2. Centers. My understanding is initially they will be in the main centers scattered throughout each state and not available for purchase. As far as I know your application will depend on need, already available services. There will be opportunity for other technologies while waiting if they are needed. Much more info @ [12 Page Document on the Rollout of Med Beds \(rumormillnews.com\)](https://operationdisclosureofficial.com/2021/11/21/12-page-document-on-the-rollout-of-med-beds/)

I am not "unvaccinated"; I do not exist in relationship to pharmaceutical products, especially ones that are gene therapies being falsely advertised as vaccines. I am an independent and free human being, and that is the end of it. No medical disclosure is needed, no explanation, no participation.
Beware of the framing trap.

This isn't suspish at all🐼🐼🐼🐼🐼

 mr.info888og

Let me see if I understand this correctly. John Hopkins official YouTube page “randomly” uploads a training exercise from 2001 called “dark winter” about a bio small pox attack on 10/14/21. By pure LUCK and CHANCE exactly 33 days later we find vials in the US. Lol ok.

DARK WINTER
Andrews Air Force Base
22 - 23 June 2001

FBI investigating vials labeled 'smallpox' found in lab near Philadelphia
Jana Winter
Tue, November 16, 2021, 7:31 PM · 2 min read

Description

Dark Winter
centerforhealthsecurity · 21,855 views · Oct 14, 2021

The Dark Winter exercise portrayed a fictional scenario depicting a covert smallpox attack on U.S. citizens. The scenario is set in 3 successive National Security Council (NSC) meetings which take place over 2 weeks. Former senior government officials played the roles of NSC members; media representatives were among the observers and played journalists during the mock press conferences. The exercise was held at Andrews Air Force Base, Washington, DC

Result: 33 days
From and including: Thursday, October 14, 2021
To, but not including Tuesday, November 16, 2021
It is 33 days from the start date to the end date, but not including the end date.
Or 1 month, 2 days excluding the end date.
Alternative time units

It's for the 'greater good' for whom???

Janet Lee

 **Dr. Nick Red Pill**  TM
@elitesbewarned

We didn't overwhelm the hospitals when 100% of people were unvaccinated, how in the hell are we going to now that over 70% are vaccinated? Remember the vaccines primary mandate was to reduce hospitalizations.

Something doesn't add up and nobody is asking simple questions...
