Subject: **This bombshell from Australia is going to be top posted for a full week to make good and sure everyone sees it.**

This is too important to have anyone miss, now we know why so many jobs cannot be filled. Watch/Listen Here:

<http://allthatstreaming.com/media/ats/video/melbournes-health-minister-martin-foley-drops-bombshell.mp4>

KEPT OUT OF THE NEWS AND CONFIRMED TRUE: VAX DEVASTATION IN AUSTRALIA Melbourne's Health Minister Martin Foley [Drops Bombshell](#), 95 percent of ALL people in Melbourne's hospitals are vaxxed, with 78 percent fully vaxxed, and 17 percent partially vaxxed. How does that add up when less than half the population is vaxxed?

[This statement](#) is a stroke of luck to get, because it proves what happened everywhere else, including the United States.

This is precisely **why there are so many jobs that no one is filling** - the people have been WIPED OUT and **America's con artist doctors, MSM, and big tech buried this. How evil is the American information stream for not reporting this?**

Play the video and FIGURE IT OUT. *Jim Stone*
