Oil is flowing like never before, thanks to the awesome Power of the United States Military. A special salute to Secretary of War, Pete Hegseth, Chairman of the Joint Chiefs of Staff, Dan Caine, and Commander of the United States Central Command, Admiral Brad Cooper. Because of them, and all members of the Most Powerful Military anywhere in the World, BY FAR, the Strait of Hormuz is open to ALL Ship traffic except for Iran — and that is because of their lying, violent, malicious leadership, which is taking them down the path of TOTAL DESTRUCTION. We will therefore have a FULL Blockade, but only on Ships coming to and from Iranian ports, or carrying anything have to do with Iranian cargo. Based on highly productive conversations with Middle East leadership, I have decided to replace the 20% United States Reimbursement Fee with Trade and Investment Deals that the various Gulf States will be making into the United States. Those Investments will be MASSIVE but, at the same time, extraordinarily good for them, and their future. As everyone is aware, we have the largest Dollar Investment into the United States, of any Country in History, but these new Investments will make that Number even larger, and we will see Factories, Plants, and Equipment pour into the United States at Historic levels, which will create additional millions of High Paying AMERICAN Jobs! America is WINNING again, winning like never before. The days of Iran killing hundreds of thousands of people, including 52,000 protestors, are OVER and, most importantly, IRAN WILL NEVER HAVE A NUCLEAR WEAPON! BREAKING: Sen. Jim Banks (R-IN) is officially filing legislation to abolish birthright citizenship for children of illegal aliens following the Supreme Court ruling — he's using Justice Brett Kavanaugh's concurrence to get it done, per Fox News. Using the SCOTUS Wong Kim Ark exception, Congress will move to deny birthright citizenship to birth tourists and children of illegal aliens — that's existing SCOTUS precedent. The "Citizenship Act" was specifically crafted based on the latest ruling. Bill text: "Any person who enters the United States without authorization or for the purpose of engaging in birth tourism is considered an invader." Those invaders can not get citizenship. This goes around the amendment process, which would be virtually impossible to accomplish.

BREAKING: ICE has just announced a massive fraud bust, saying 10,000 foreign students are involved in the federal government's Optional Practical Training program. There are empty buildings where hundreds of students should be "working" as part of their ability to be in America — run by foreign-linked groups that send money out of the country. Locked doors, hundreds of students sharing the same address, and "employers" sharing the same unleased addresses. There is widespread "phantom employee" fraud going on. Many of the so-called "employers" have major red flags, such as facing lawsuits, no employment records, offshore payroll claims, and suspicious international money flows.

"HSI agents have visited problematic OPT employer work sites in Virginia, Texas, Georgia, Illinois, New York, New Jersey, North Carolina, and Florida." "Foreign students themselves are entering false addresses and employer names into the student and exchange visitor information system." "But we are uncovering evidence of organized fraud that spans national and international borders. This is not accidental. It is deliberate, coordinated, and criminal." "To give you an example, one employer we visited claimed to employ only three foreign students through OPT, while our records show over 500 foreign students claiming to work there." "The company's representatives were unable to answer basic questions about the business and deferred HR managers in India." "OPT employers are required to directly train foreign students, but we've seen multiple examples of alleged employers claiming that all management is overseas in India." "We've also discovered multiple state networks which are large networks of alleged employers claiming to train thousands of foreign students in OPT, then farming them out to unreported third party employers, making oversight nearly impossible and raising serious national security issues."

Rubio said: "Foreign aid is not charity. It is U.S. taxpayer money, and it must serve the American national interest." The announcement has sparked anger among critics who argue that ending assistance could worsen conditions for Somali civilians. Rubio, however, says American taxpayer dollars should only be spent when the funding directly advances the interests and security of the United States.

NATIVE AMERICAN WOMAN OBLITERATES THE "STOLEN LAND" LIE: "What You Call Stolen, I Call CONQUERED" – And Why America Built the Greatest Nations on Earth

By Jonathan Gregory

Washington, D.C. - July 6, 2026

When a man tried pushing the tired claim that white people are squatting on "stolen" Native land, a **Native American woman stepped in and delivered a history lesson that left the narrative in ruins.** She didn't recite activist talking points or demand land acknowledgments. Instead, she dropped documented facts that every schoolchild should learn but that woke revisionists have buried under layers of ideological nonsense. Her response was devastatingly direct. Native Americans were not here "from the beginning." Their ancestors migrated across the Bering Land Bridge from Siberia between 15,000 and 20,000 years ago. Once they arrived, the continent was no peaceful paradise of noble savages living in eternal harmony. Tribes conquered, displaced, enslaved, and built empires over one another for centuries. The Comanches expanded aggressively across the southern plains, pushing out the Apache and creating their own Comancheria through brutal military dominance. This is the actual story of the Americas before Columbus, the same pattern of conquest, migration, and power shifts that defines every square inch of land on Earth throughout human history. Pretending otherwise is not truth-telling; it is weaponized ignorance.

Her mic-drop line cut straight to the core: **"What you call stolen, I call conquered."** Then she delivered the perspective that actually matters. **America and Canada took the land, defended it with blood and resolve, and transformed it into the freest, most prosperous, opportunity-rich civilizations the world has ever seen, achievements that dwarf anything the pre-colonial tribal empires ever produced.** On this 4th of July, as we celebrate 250 years of American independence, she is honoring that extraordinary progress, innovation, and liberty rather than romanticizing endless village raids and primitive warfare. **This is the unapologetic truth every land acknowledgment activist needs to hear**

▼ THEY JUST ARRESTED 5,811 DEEP STATE OPERATIVES IN 97 COUNTRIES. THE GLOBAL FINANCIAL TAKEDOWN HAS BEGUN.

This was never just about politics. It was always about the money. For 72 hours, the media has been completely silent about the largest synchronized law enforcement operation in human history. They are terrified because their paymasters were just handcuffed.

THE DOUBLE STRIKE AWAKENING:

STRIKE 1: THE SYNCHRONIZED SWEEP

Under the direct authorization of Military Intelligence, a global coalition executed 14 federal and state warrants simultaneously across 97 countries.

The target? The Deep State's shadow banking network. They arrested 5,811 individuals. Not street-level criminals. These were the bagmen, the money launderers, the NGO directors, and the offshore bankers who funded the human trafficking rings, the rigged elections, and the biological suppression programs.

In a single 24-hour window, Military Intelligence intercepted and seized \$293 MILLION in liquid assets. But that was just the bait.

STRIKE 2: THE QFS OVERRIDE

The \$293 million seizure wasn't the goal. It was the access key.

When they seized those accounts, they didn't just take the money. They captured the routing algorithms. Trump and the White Hats used this operation to map the entire SWIFT network vulnerabilities.

By seizing these specific 5,811 accounts, they successfully injected the Quantum Financial System (QFS) override codes directly into the central banking mainframe.

The old financial system is now completely compromised from the inside. The transition isn't coming—it has already been installed

THE CLASSIFIED INTEL:

- OPERATION-SHADOW-SWEEP - The global protocol that executed the 5,811 arrests
- ISO-20022-INJECTION - The QFS override code embedded during the asset seizure
- Target List 97 - The countries now legally bound to the new financial framework

The Deep State thought they controlled the global economy. They just realized Trump used their own money laundering network to install the system that will destroy them.

CODE: SHADOW-SWEEP / QFS-INJECTED / ASSET-SECURED / CHECKMATE

The wealth transfer has begun. The old system is a dead man walking.

SHARE THIS EVERYWHERE. THE PANIC IN THE BANKS IS DEAFENING. 👉 MrPool_Q 👈

The new investment account program for children launched on July 4. Kids born from 2025 to 2028 are eligible for a \$1,000 contribution from the government.

They will offer tax-advantaged savings for millions of Americans under 18. Babies born from 2025 to 2028 will get a huge perk — the federal government will put \$1,000 into their accounts. Major companies are also pledging contributions.

A senior Treasury official said Thursday that more than 6 million children have been registered for the accounts, with 1.4 million of those eligible for the \$1,000 government seed money.

What are Trump Accounts?

Trump Accounts are tax-advantaged investment accounts for children under 18. Babies born from Jan. 1, 2025, to Dec. 31, 2028, can get \$1,000 from the Treasury Department to kick-start their accounts. Only U.S. citizens are eligible.

The program was created under Trump's One, Big, Beautiful Bill Act, which was signed into law on July 4. The government said the money will be invested in low-cost funds that track the S&P 500. It said that just the \$1,000 deposit could grow to an [estimated half a million dollars](#) or more by retirement age.

Who can contribute?

Parents, guardians, friends and companies can all add money to a child's Trump Account. Kids can receive up to \$5,000 per year — a limit that will adjust for inflation [starting after 2027](#). A maximum of \$2,500 can come from employers every year.

A growing number of companies, including [JPMorgan Chase](#), [Intel](#) and [Steak 'n Shake](#), have promised to contribute an additional \$1,000 for employees' children born from 2025 to 2028 to match the government's contribution. Go to www.TrumpAccounts.gov
