Donald J. Trump  
@realDonaldTrump

What happened today with the two United States Supreme Court Justices that I appointed against great opposition, Neil Gorsuch and Amy Coney Barrett, whether people like it or not, never seems to happen with Democrats. They vote against the Republicans, and never against themselves, almost every single time, no matter how good a case we have. At least I didn't appoint Roberts, who led the effort to allow Foreign Countries that have been ripping us off for years to continue to do so — But we won't let it happen. The new TARIFFS, totally tested and accepted as Law, are on their way! PRESIDENT DONALD J. TRUMP

In case you still don't understand that **the liar lawyers are the 'foreign interests' domestic enemies and a secret society BAR with allegiance to Great Britain: Supreme Court rejects Trump's tariffs. Here's what the president could try to use instead**

BREAKING: President Trump EVISCERATES the Supreme Court justices who voted against his tariffs, 6-3 — says HE'S NOT BACKING DOWN. That list: Roberts, Gorsuch, Barrett, Kagan, Jackson, Sotomayor. "Those members of the Supreme Court who voted against our very acceptable and proper method of TARIFFS should be ashamed of themselves. ...

BREAKING: In a devastating blow to the traitors, President Trump from the Oval Office just SIGNED a global 10% tariff. "It is my Great Honor to have just signed, from the Oval Office, a Global 10% Tariff on all Countries, which will be effective almost immediately. Thank you for your attention to this matter! **PRESIDENT DONALD**

"Effective immediately, all National Security TARIFFS, Section 232 and existing Section 301 TARIFFS, remain in place, and in full force and effect. Today I will sign an Order to impose a 10% GLOBAL TARIFF, under Section 122, over and above our normal TARIFFS already being charged..." President Donald J. Trump (<https://t.me/SecWarPeteHegseth>)

Hegseth Responds to Reports War With Iran Is Imminent Amidst reports that the United States is close to a major war with Iran, **Secretary of War Pete Hegseth said his job is to make sure the military is capable of backing up the president.** "We have enormous capabilities, unlike anyone else in the world, and I think the big difference between this department and others is that we unlock and unleash our war fighters to get the job done should they have to," Hegseth said in response to a question from The Daily Signal in St. Louis, Missouri. "But our hope is that we never have to use that," he added. "The president is a negotiator looking for a deal. It would be wise for Iran to see that deal."
