

The White House

President Donald J. Trump signs a proclamation declaring February 22, 2026, as National Angel Family Day. ❤️ We remember the American lives stolen from us, stand with Angel Families, and recommit to the largest mass-deportation effort in our nation's history.

Reagan Was Right - Follow House Speaker Mike Johnson has assured President Trump that he stands ready to call for the impeachment of Chief Justice John Roberts. "If the President believes he's compromised," said Johnson, "The House GOP is prepared to take action." Johnson says he believes the impeachment would be quick and that President Trump could have a nominee confirmed in a matter of a few weeks. It's up to the President now.

BREAKING NEWS !!!!! SOCIAL SECURITY EXPOSED. KEEP PASSING THIS AROUND UNTIL EVERYONE HAS HAD THE OPPORTUNITY TO READ IT...THE ONLY THING WRONG WITH THE GOVERNMENT'S CALCULATION OF AVAILABLE SOCIAL SECURITY IS THEY FORGOT TO FIGURE IN THE PEOPLE WHO DIED BEFORE THEY EVER COLLECTED A (next page)

SOCIAL SECURITY CHECK!!! WHERE DID THAT MONEY GO? Remember, not only did you and I contribute to Social Security but your employer did, too. It totaled 15% of your income before taxes. If you averaged only \$30K over your (next page) working life, that's close to \$220,500. Read that again. Did you see where the Government paid in one single penny? We are talking about the money you and your employer put in a Government bank to ensure you and me that we would have a retirement check from the money we put in, not the Government....**Now they are calling the money we put in an entitlement** when we reach the age to take it back....**If you calculate the future invested value of \$4,500 per year (yours & your employer's contribution) at a simple 5% interest (less than what the Government pays on the money that it borrows)....after 49 years of working you'd have \$892,919.98....If you took out only 3% per year, you'd receive \$26,787.60 per year and it would last better than 30 years (until you're 95 if you retire at age 65) and that's with no interest paid on that final amount on deposit!** If you bought an annuity and it paid 4% per year, you'd have a lifetime income of \$2,976.40 per month. THE FOLKS IN WASHINGTON HAVE PULLED OFF A BIGGER PONZI SCHEME THAN BERNIE MADOFF EVER DID. **Entitlement** my foot; I paid cash for my social security insurance!....Just because **they borrowed the money for another government spending, doesn't make** my benefits **some kind of charity or handout!!** **Remember the benefits for members of Congress?** + free healthcare, + outrageous retirement packages, + 67 paid holidays, + three weeks paid vacation, + unlimited paid sick days. **Now that's welfare,** and they have the nerve to call my social security retirement payments **entitlements?....They call Social Security and Medicare an entitlement even though most of us have been paying for it all our working lives, and now, when it's time for us to collect, the government is running out of money. ###**

President Trump quietly got Mexico to hand over 100 cartel leaders ... including El Mencho's brother before Jalisco raid

[The Maritime Guillotine – How the Coast Guard Just Locked the Deep State's Last Door](#) 3 Min.

El Mencho. The media told you El Mencho was a drug lord. They lied. He wasn't a "Deep State General" because he moved cocaine. He was a general because he moved children. His codename appears 17 times in the unredacted Epstein files: "The Supplier." Document ID: EPS-DOJ-LOG-1998-0811-C. For 20 years, his primary cargo wasn't drugs. It was human. Children for the island. Organs for the elite. He was the logistical backbone of the entire blackmail operation. The CIA protected him because he supplied the one thing their network needed most. Trump saw the logs. He saw the codename. And on Sunday morning, he gave the order. This was not a Mexican military operation. This was an execution. While the media distracts you with politics, a silent war is raging. Trump is not just draining the swamp. He is hunting the monsters that live in it. The fires in Guadalajara are not chaos. They are the screams of a dying network. The Supplier is gone. Who is next? [△ Nothing can stop what is coming. Mr Pool \(https://t.me/Mr_Pool_7221\)](#)

Per an anonymous CJNG source, Juan Carlos Valencia González, alias "O3," has been named the new leader of CJNG. Heads need to roll. 🗳️ The CDC Held a Secret Meeting, known as 'Simpsonwood', after a Study showed the **Hepatitis B Vaccine was Causing Aum in Children.** • A study was conducted, comparing babies who got the Hepatitis B Vaccine (loaded with mercury, Thiomersal) within the first 30 days to babies who never got it at all.. ⬇️ 🌀 WHAT THEY FOUND WAS SHOCKING! • The CDC's own data containing the medical records of 100,000+ children, showed that a mercury-based preservative in the vaccines known as, Thimerosal, was responsible for a dramatic increase in autism and a host of other neurological disorders among children.

— speech delays — attention-deficit disorder — hyperactivity — Autism

⬆️ For comparison, the relative risk of developing lung cancer from smoking a pack of cigarettes a day for 20 years, is 10... But **if your child was vaccinated with the Hepatitis B Vaccine, the likelihood of your child developing autism was 11.35!** 🌀 THE CDC PUSHED THE PANIC BUTTON • The CDC held a secret meeting, later to be known as "Simpsonwood", with top government public health officials, all major agencies (FDA, CDC, NIH, WHO, HHS), as well vaccine manufacturers, including GlaxoSmithKline, Merck, Wyeth and Aventis Pasteur. — There were ZERO public announcements of the session, only private invitations. • The CDC was afraid the meeting would be subjected to Freedom of Information Requests (FOIA)... so In June 2000, they gathered everyone for a meeting at the isolated Simpsonwood Methodist retreat conference center in Norcross, Georgia, along Chattahoochee River, to ensure complete secrecy. 🌀 BUT SOMEBODY RECORDED THAT MEETING... • Sec/ RFK Jr got ahold of those transcripts in 2005 and says, — "it's horrific! It's a nightmare! They looked at the science and said it's 100% bulletproof, WE ARE CAUSING AUTISM!" • Instead of taking immediate steps to alert the public and rid the vaccine supply of thimerosal, the officials and executives at S ### **That's all that's available.**

Meta CEO Mark Zuckerberg took the stand at a high-profile trial to answer allegations that **he engineered his social media platforms to be addictive to children despite knowing the potential harms**

RFK JUST SAID IT: THE "CONSPIRACY THEORISTS" WERE RIGHT ALL ALONG — ABOUT EVERYTHING. BOOM.

Robert F. Kennedy Jr. just detonated the system. He confirmed what millions already knew — COVID lies, chemical skies, government deception — all true. The curtain is ripped wide open. They mocked us for years. They called us crazy. They silenced, banned, censored, and destroyed lives to keep the illusion intact. Now a member of America's most famous political dynasty just admitted the official stories were false. The house of cards is falling and the architects of deception feel the floor cracking under them.

TURBO CANCER IS REAL The vaccines were sold as "safe and effective." Now doctors whisper about young, healthy patients (next page)

riddled with cancer weeks after injection. Tumors growing at lightning speed. Aggressive, untreatable, terminal. RFK just ripped the veil away: these shots didn't just fail to stop COVID — **they may have triggered immune collapse**. Dormant cancer cells unleashed, consuming victims from the inside. This is not coincidence. This is a mass casualty event. And the machine still silences anyone who dares speak.

COVID: THE GREAT COVER-UP Lab leak theory? Banned. Early treatments? Buried. Death counts? Inflated. Lockdowns and mandates turned into weapons of control while Big Pharma made billions. RFK confirmed the pandemic was not just a health crisis — it was a coordinated campaign to crush freedom and consolidate power.

CHEMICAL SKIES EXPOSED For decades, the elites mocked talk of chemtrails. But the patents exist. The funding exists. Whistleblowers have spoken. RFK acknowledged what we've seen with our own eyes: covert geoengineering is real — and we never gave consent.

THEY KEPT THE TRUTH LOCKED Media silenced dissent, tech giants deleted accounts, reputations were destroyed. But RFK broke the chain. Once truth escapes, it cannot be put back in the bottle.

THIS IS VINDICATION Doctors who risked careers. Parents who refused shots. Pilots who documented the skies. Patriots who refused to bow. This is their moment.

THE FIGHT BEGINS Truth means nothing without justice. The guilty must face investigation, exposure, and punishment. RFK has cracked the dam — now the flood must come.

FINAL VERDICT: The lies are dead. The cover-ups are exposed. The war for accountability has begun.

US Particle Accelerators Turn Nuclear Waste Into Electricity, Cut Radioactive Life By 99.7%

Tech Viral · Follow February 20 at 11:57 PM · Scientists in the United States are developing technology that can turn long-lived nuclear waste into usable electricity. Instead of storing spent fuel for decades, advanced reactors and recycling methods aim to extract more energy while reducing dangerous radioactive material and long term storage risks. The approach uses next generation systems to process leftover fuel, capturing heat and radiation that still hold massive energy potential. Researchers say this could power cities, cut waste stockpiles, and make nuclear energy cleaner, safer, and more efficient for the future.

If scaled successfully, the innovation may reshape global energy strategy by turning a costly environmental liability into a valuable resource. Governments and industry leaders are watching closely as pilot projects test safety, economics, and the promise of sustainable power from nuclear leftovers. 100% Hemp & Linen fabric · Eric Stevens · Yesterday at 8:29 AM · Perimeter Strategy: Bamboo + Hemp.

Most farms focus on yield per acre. Few think about yield per boundary. Plant bamboo as a windbreak around hemp and you don't just reduce wind damage. You redesign the field. Stronger stalk integrity.

Improved microclimate.

Reduced exposure.

Secondary harvest beginning year 4.

SPOILER ALERT: GET PAID TO PLANT! Windbreak incentives available in many states.

One field. Two crops. Multiple outputs.

This isn't ideology. It's perimeter economics.
