Colorado secretary of state's office OKs Tina Peters' recount request

https://www.thecentersquare.com/colorado/colorado-secretary-of-states-office-oks-tina-peters-recount-request/article_87cbb3a8-0f66-11ed-8dec-13781af0bc83.html

Of course **not one of the media sources provided by corrupted Google are printing** the truth about Tina – even now that she's won the recount challenge. We the people want the recounts done by reputable, independent people/organizations. There isn't **a single official in Weld County I would trust to be involved in the recount – especially the Clerk and Recorder and her staff.** We've already proven to **the Sheriff, County Commissioners and County Lawyer that Weld County Clerk Carly Koppes broke several laws and none of these officials care** that we the people have not had an honest elections. Of course – **they love their rotten Dominion machines that insure these traitor/parasites stay in and only their rotten buddies can get into office.** 🤡

Juan O'Savin @ 1 hour: "75% of those falsely imprisoned because they were in D.C. on Jan. 6th are veterans who saw something had gone wrong in our 2020 Election!!!" At about 1:37 Juan states that by letting the mess go on – we have seen **that both the Dems and GOP are 'captured operations'** Watch video below until the end.  Janet Lee
