Future of OneLife

Dear Members,

We express our gratitude to all of you who are the soul of OneLife and support the Company even in these hard times for all of us. The last few months have been difficult, but together we overcame even the greatest obstacles. We are happy to inform you that at the moment all software problems are resolved and our systems work smoothly.

We want to share with you the Company's plans for our future development:

- The development of a new OneLife system started in March and will have a new Blockchain. The system is prepared by a Team of 18 programmers and is already 90% completed. In this regard, we require all members to fill in their current phone numbers in their profiles. Phone numbers will be used as a unique identifier to access your accounts. If you have more than one account, it will be enough to log in with the phone number and you will have access to all your accounts. Please note that your phone number will not be used for marketing purposes and no advertising messages will be sent to you.
- The Blockexplorer is being developed for the new OneLife system. Through this feature, all members will receive information when and under what number each of their transactions is registered in the new Blockchain.
- A mobile application is also being developed. Through it, OneLife and DealShaker will be with you on your phone at all times. In the new system, each user will have their own wallet. With the new wallet, everyone will be able to transfer coins to any user in the OneLife network, at any time, with a few clicks on the phone.
- The development of the new DealShaker platform started on June 1. The deadline for the completion of the project is September 30. The platform will also work through the OneLife mobile application.

- We are developing new training packages on Blockchain technology that you can expect in June.
- A global event will take place in Romania from 21 to 23 August. On it, we will present the newly developed systems. Everyone is welcome. You can buy tickets at www.eventbook.ro.
- The next global event is planned for March 2021 in Dubai.
- And last but not least the payment of pending withdrawals remains a top priority for the company.

We express our special thanks to our Captain KJ and the amazing co-captain board!

Thank you for your amazing work!

Together we are strong!

Best regards,

The OneLife Team

Special Announcement !!!

Dear Members,

We would like to inform you, that within the next 4 weeks (until 25/06/2020), EVERYONE MUST update ALL their IMA accounts, with the telephone number that they currently use.

IF YOU HAVE MORE THAN ONE IMA ACCOUNT, YOU MUST INCLUDE THAT CURRENT PHONE NUMBER FOR EACH OF YOUR RESPECTIVE ACCOUNTS.

This information is needed in order to migrate ALL your accounts to our new OneLife system. Each IMA's phone number will be used as a unique identification key, connecting all your accounts, if you have more than one. As a result, when a member with more than one account logs in to one of his/her profiles using the phone number, he/she will have access to all his/her other accounts in one place.

That is why it is extremely important to fill in your CURRENT PHONE NUMBER in each account located in "My Profile" by clicking "Edit" in the "MAIN INFORMATION" box.

Best regards,

The OneLife Team
