OneCoin Exchange - Launch Date Is Final

OneCoin Cryptocurrency - Exchange Top Level

Information Issued By Crypto Expert,

Financial Adviser, Crypto Analyst,

Top Executives, And Top - OneCoin Leader

Who Can exchange OneCoin if - Your KYC is approved

and you are a verified customer - then you can transfer

your OneCoin to OneCoin - cryptocurrency Exchange

and Dealshaker Platform.

Where you can use your coin

As a currency for purchasing – goods and services.

But if you are unable to see your – coins on the DealShaker

platform then you have to email the – company support team

and get the necessary – help from there.

OneCoin Cryptocurrency Exchange – Launch Date Just a few days ago,

the company had a very big event.

In this event, the big leaders of – the company have

disclosed the OneCoin – Exchange launch date.

According to the – meeting in this event,

the company is in the final phase of – the launch of the exchange.

And we are expecting – OneCoin Exchange Will

to be launched near about – December 2020.

OneCoin Cryptocurrency – Exchange Launch Date Is Final

The company’s leaders have – confirmed this fact,

but the company has - not yet accepted

fact through its – official newsletter.

It is a matter of the exchange launch – but it can not be fully believed

until the company will accept it – through its official newsletter.

The company has confirmed officially

that they will come to – the open market  
or OneCoin exchange will launch – during the year 2020.  
The date is not confirmed officially.  
OneCoin KYC Status For – OneCoin Cryptocurrency – Exchange Dear Member  
If your KYC has been – approved, then be assured  
that you are a verified - customer of the company.  
And if you have KYC pending then it – will be approved soon.  
If your KYC has been – declined by the company,  
then you need to carefully read the – instructions of the company  
and then upload the document again.  
And this time your KYC will – definitely be approved.  
Please remember you can only use – OneCoin cryptocurrency exchange  
if your KYC is fully approved.  
In the present time, OneCoin is on the – USA government trail. [trial]  
But besides this OneCoin is still – growing day by day.  
New merchants are being introduced – to the Dealshaker platform.  
There are multiple training and – promotional programs for OneCoin  
And DealShaker in Dubai, Europe, - Romania, Japan, and other countries.  
Most of our Indian OneLife – members keep asking  
repeatedly about OneCoin – Legal condition.  
Can we exchange OneCoin – into Indian currency?  
So dear OneLife Members – Cryptocurrency in India is – completely banned.  
OneCoin can be used in India – only like a commodity.  
And while exchange ONE – into Fiat you have  
to pay 30% tax to the – Indian government.  
When OneCoin Will Arrive – In Open Market  
At the beginning of the year 2020,  
the company had set the – time of the OneCoin  
Cryptocurrency Exchange – through its newsletter.  
However, the company did not – announce any fixed date.  
Based on this, it can be ensured  
that the company will launch its – exchange before December 2020.  
And after this,  
we can convert our one coin – cryptocurrency into Fiat currency.  
One Coin is a payment system,  
we can use in in the future to buy all – the goods and services we need.  
And the One Coin Cryptocurrency has its  
own merchant platform – DealShaker.com  
where you can make a – payment in OneCoin  
and purchase the car, home, - clothing, electronics item,  
and all other required – goods and services.  
All OneLife members are – required to get  
knowledge of Cryptocurrency, - Trading, And OneEcosystem Support.  
So that they can purchase – Land, Home, Bank FD

and Company Share in – the coming future.  
As we all know, the OneCoin exchange – is getting delay for a long time.  
For a long time, people have – been getting dates  
after dates by their senior.  
In such a situation, most – people are thinking  
that what will be the future of the One – Coin Cryptocurrency?  
Some special – cryptocurrency experts say  
that the future of OneCoin – investment is very bright.  
I personally invested my time, effort  
and money to the vision of Dr. Ruja  
but you have to understand – that buy coin cheap  
sell expensive is not her vision!  
My plan is to live exclusively on – OneCoin within the next years,  
instead of the US Dollar.  
Cryptocurrency is intended to be the  
next evolution of money – and payments.  
Yes, you can make money – with cryptocurrency,  
as you can on Forex, but that is – not my chief objective.  
We will create confusion – among people  
if we leave them hanging by simply  
saying OneCoin is an investment plan  
and your money doubled, tripled - without doing anything.  
Investment is a platform where your – money, literally grew.  
In OneCoin your money did not grow!  
\*Please take note that it is the – value of your coin  
that grew over time!  
There are many things I can't explain,  
you have to learn about Dr. Ruja's – vision to understand them.  
We've created this coin!  
So, we are miners, not investors.  
We did not invest in money growth, - we invest in Education  
that will lead us to – (and overwhelming money growth! ?)

My Notes –

The video text is colored usually black with certain words colored red for emphasis, and is presented on yellow background strips.

It is obvious that this person is not proficient in English, and still does do a good job to get his point across. It would appear that he is a long-time member in India.

He obviously is in contact with “leaders” in the OneCoin business, and is trying to convey what he has found out to us.

However – there is a big difference between:

- (1) saving your OneCoins and spending them on DealShaker, vs
- (2) transferring your OneCoins from your Dashboard into “an Exchange” –

where you can trade your OneCoin for other cryptocurrencies and then convert them into Fiat currency (like US \$s).

His text shows that (1) DealShaker is available now, and (2) an Exchange is planned to be coming.

I also note that DealShaker merchants are not able to mail products to the USA.

Some members have successfully used DealShaker to buy items and have them mailed to China or Taiwan. Mailing destinations are selected and posted by each individual merchant. So if you have friends in China or Taiwan, try that method.

I note that all of the pictures of money are of US dollars and coins. Interesting...

I will also note that OneCoin is absolutely NOT DEAD outside of the USA. OneCoin Expos are still occurring in many countries, and the number of people joining OneCoin since November 1, 2019, is 65,215, which is an average of 633 new members per day – every day! These data, OneCoin Euro value, Euro to US \$ value, and One Coin US \$ value - saved for every day since January 1, 2015 - are all available below.

PB.
